

6/2024

Welcome Second Grade Families,

Enclosed is your child's Summer Reading book report which will need to be completed and turned in during the first full week of school this September. Your child also received their own copy of our reading book, Days With Frog and Toad. Reading is very important and can unlock opportunities and open new worlds. The goal of this project is for you and your child to engage with a book in a way that is fun, interactive and educational. Please be sure to discuss the book with your child as they read. Start early, and have fun!

Also, please make sure to review basic math skills/facts throughout the summer so that your child will be ready to work hard this September. It is very important that we encourage our children to do their best work. In my experience, keeping a routine that includes a small review of basic first grade math and reading skills creates a strong support for learning during the second grade. Have a wonderful summer!

Sincerely,
Mrs. Aversano

I have read the Second Grade Summer Reading assignment. I am aware of what needs to be done in order to assist my child in completing this project according to the given book report format.

I have also received the book, Days With Frog and Toad, which will be returned to Mrs. Aversano with the completed Summer Reading project. I am aware that I am responsible for replacing this book if it is damaged or lost.
